Expect 25 Wartime Houses Ready Soon

Of the 100 wartime houses now being constructed in Edmonton, the official stated.

The city emergency bureau reported that it has no houses available to offer applicants, although there are single rooms available.

The drive of the Students Union at the University of Alberta to obtain accommodation for students has brought forward offers of only about 20 suites or houses. Most of these proved unsuitable.

The city emergency housing bureau termed the situation as "no worse, no better, still bad."

The eldest son of the Kings of France was known as the Dauphin, corresponding to the British Prince of Wales.

Hurricane

(Continued from Page 1)

battering the beaches as the storm was expected to strike tonight.

The hurricane caused an estimated \$500,000 damages in south Florida. Half of this was damage to the citrus crop, which was estimated to have been one-fourth destroyed.

Five thousand persons were clustered in improvised shelters at the inland city of Sebring, awaiting urgently for food. They were driven there yesterday by heavy rains which caused them to leave their homes around Lake Okechobee.

The MIGHTY hurricane to strike the south Florida peninsula in a decade, the storm destroyed havoc and hardship from shore to shore. Still with its uncounted millions of dollars of damage, it apparently spared the rich and populous lower peninsula the wholesale devastation that had been feared.

Millionaire resort cities, rich citrus groves and vegetable farms alike were raked by tremendous winds in their 150-mile course from east to west coast.

The week-old, Caribbean-bred winds blow down from the Atlantic on the Florida "Gold Coast" between Palm Beach and Miami at noon yesterday. With a final spate of rain, the winds were up to 100 miles an hour raged for hours, the hurricane scoured into the gulf just before midnight.

THE DAMAGE seemingly broke bravely upon the citrus groves with their \$100,000,000 crop and upon the vegetable farms in the productive Lake Okechobee region. Groves were reported leveled in sickening destruction. Scarcely-wooded reports from Okechobee described conditions there as "deplorable" although no casualties were reported. At least 10,000 persons had fled the area by train and automobile to escape the possibility of another tragedy such as in 1928 when 1,200 were drowned by storm-driven waters from the lake.

There were growing reports of acute local disasters. A message from Pompano, just north of Miami, said two luxurious estates and a large number of "disappearing into the ocean" at the storm's peak. All that was left of these unidentified properties was "the bathtub."

THE EARLIEST report of wide-spread damage came from nearby Fort Lauderdale where Kari's Biscuits of the Red Cross reported 18 buildings, some of them small, were destroyed and 181 damaged. Reiser said only one person was injured.

MILLIONS OF CANS
SINCE, ONE—(CP)—While food packers in Canada were busy turning out an all-time record volume of canned foods, a can plant in Simcoe was making literally hundreds of millions of processed food containers or enough cans to keep Simcoe's 5,500 inhabitants supplied with canned food for 1,000 years.

Dies at 52

CALGARY, Sept. 18.—(CP)—John Paul McPherson, 52, bridge, former secretary of Branch No. 32 of the Canadian Legion, at Keith from 1934 until a few months ago, died Monday in central Alberta sanatorium.

Meat Shortage

(Continued from Page 1)

provinces with a view to deciding on some common action to end the strike.

Members in the strike were discussed on a CBC national radio network last night by J. M. McPherson, Toronto, president of Canada Packers, who spoke on behalf of the union and said that the union was in a position to meet the demands of the union and company, and by Fred Dowling, spokesman for the union on strike against the three major packing companies.

MR. DOWLING blamed the companies for the strike, charging that the firms broke off negotiations with the union without intention to continue but said the wage increase demanded by the union averages about 17 cents an hour—would amount to about one-fourth of a cent a pound of meat and could come out of company profits.

"I have no doubt that any impartial agency will recognize the justice of the employees' claim for increased take-home pay," Mr. Dowling. The problem is to find such an impartial agency.

Mr. McLean pointed Canadian farmers as the chief losers if the meat-packing companies grant the increase demanded by the union.

"If the packhouse workers are paid an extra \$300 a year, the average increase would be the union all or part of the farmers' pocket in the form of reduced prices for livestock."

MR. McLEAN said that for the last three years the packing companies have been "forced to negotiate under threat of a strike" although, in general, relations between the firms and employees were good. This year the strike threat tactics had "landed us in a fix."

"The main—almost the only—cause at stake is wages," said Mr. McLean. "Wages in the packing industry are not low, they are high. The average hourly wage is 88.1 cents an hour, for women 63.5 cents an hour. The average number of working hours a week is 42 1/2. This means that the average worker takes home pay for men is \$37.44, for women \$26.90. The average yearly take-home pay is \$1,987 for men, \$1,400 for women."

"THE UNION is equivalent to an increase of 17 cents a pound, which is equivalent to \$387 a year. It is the greatest yearly wage increase—men, \$2,354, women, \$2,790."

Striking employees in two of three packhouses met packing plants today overwhelmingly rejected a federal government proposal that they return to work pending conclusion of the dispute. Workers in the third plant will vote on the proposal today.

Employees of the Swift Canadian Company voted 20 to one against the back-to-work proposal while workers at the Canada Packers Plant voted 80 to one for rejection.

A one-day strike of 12 employees of the Empire Abattoir at Saskatoon ended last night after the owner, G. C. Hainemann, agreed to union demands he halt slaughtering of cattle on a custom basis, for the strikebound Swift Canadian, Canada Packers or Burns and Company meat-packing plants.

The union, represented by Norman Riches, provincial representative of the United Packinghouse Workers of America (UPWA) raised no objection to the abattoir supplying towns and villages in the Saskatchewan area.

A new prices board order will permit regional offices of the board to issue meat slaughter permits to farmers or retailers; it was learned last night at Ottawa.

A board official explained that the move is not expected greatly to help the meat shortage, but to be up through the packing plant strikes, but is designed mainly to take care of cases where cattle or hogs would deteriorate in value if unslaughtered.

Under present board regulations, no one is permitted to slaughter without a permit and previously only a few farmers and butchers held permits.

BRANDON PACKERS Limited, an independent meat packing firm—was operating at near or city today and local butchers said that no meat shortage will be experienced here if the plant continues open.

In one of the few independent plants in Manitoba not affected by the nationwide packhouse strike.

IT WAS UNDER-production that endangered the economic stability of Britain and there was danger that we may get into a sort of starvation spiral due to our inability to export enough goods to maintain the productivity of our people.

"Our independence and pride demands that we should pay our way, and hard though it may be an certainty that is the way the British people would prefer."

"Within the family of the Commonwealth we shall, I hope, be able to develop our own resources within that family."

The circle is divided into 360 degrees because the Egyptians knew that the year had 360 days.

Europe Reaction

(Continued from Page 1)

formed observers said the Russian would be certain to object strongly.

ATHENS OFFICIAL circles expressed approval.

The Rome Socialist newspaper Avanti headlined its account of the Marshall speech, "Marshall speaks a little for intervention in the Balkans." The Rome Communist paper Unit used the headline, "Marshall has spoken to liquidate the U.N."

In British newspapers representing many shades of opinion expressed the view that, as the independent Times of London expressed it:

"WHILE CHANGES in the machinery for the settlement of disputes can improve and quicken the means of conciliation, only the will to settle can make the instruments of conciliation effective."

The Times said the proposed assembly standing committee would be valuable as an outlet for world opinion "which no power could wholly ignore."

Prime Ministers

(Continued from Page 1)

ment of regional defence systems along lines suggested at discussions between the United Kingdom and Dominion representatives in London in the early summer of 1940.

One concrete outcome of the discussions was an exchange of forces and liaison of staffs, but beyond that Commonwealth units agreed to examine regional defence organizations under which they would take a larger share of responsibility for their own regions.

UNDER THIS planning, Britain has welcomed Canadian and United States joint defence arrangements in North America. Such co-operation means reduced demands for strong British forces in the Atlantic or Pacific.

Superimposed on this long-range planning has been an emergency survey of United Kingdom defence services to see what economies can be made effective at once to reduce government expenditures. Substantial changes are certain and the whole Commonwealth is concerned.

Financial experts now in the United Kingdom to discuss the economic crisis will report to their home governments on subjects like the proposed Commonwealth customs union or other methods through which Commonwealth and Empire countries could use the dollar area can help each other.

CANADA WILL NOT be represented at the round-table discussions among "sterling" Commonwealth countries next week but she will be kept informed. Although she is a dollar country, imperial preferences and Commonwealth arrangements place her in a different position from the United States.

While sterling purchases from the United States will be cut to the bone by all sterling countries including the United Kingdom, methods of continuing business with Canada will be sought by all her Commonwealth friends.

Canada Warns

(Continued from Page 1)

that with the veto it (the Security Council) could not operate effectively in an international atmosphere of fear and suspicion where pride is allowed to take precedence over peace and power over reason."

Exercise of the veto, "may well destroy the United Nations because it will destroy all confidence in the Security Council to act effectively and act in time."

He admitted that while the general assembly and its permanent interim committee might intervene itself to a far greater degree than at present in major world problems, the most important of these problems were the responsibility of the Security Council.

"The fact remains, however, that these problems must be solved and that procedures and practices which obstruct such solutions must be changed."

THIS COULD BE DONE by voluntary agreement among the members or by amendments to the U.N. charter.

"We must hope that no member of the assembly will flout clearly expressed world opinion by obstinately preventing change and thus become responsible for prejudicing and possibly destroying the organization which is now man's greatest hope for the future."

442 BIRKS BUILDING

Looting Claimed

(Continued from Page 1)

Italy, United States troops had tried to provoke a serious incident by firing at the Yugoslavs. "Gangs of Fascists from Italy" committed numerous crimes under the protection of American, looting houses during the night of Sept. 13-14 and mining public buildings in Gorizia.

In Gorizia, "a group of Fascists protected by United States troops" broke into the premises of a Communist club, struck down 30 persons including Italians with bullets of their rifle, and then came fired them off to prison.

"It would be equally as folly to deny that a coalition of this trend may cause it ultimately to collapse."

Native Indians taught the white man to catch oysters with a forked stick.

Hirohito Reported Enjoying Leisure Of Post-War Role

(Copyright, 1947, Chicago Daily News)
TOKYO—Despite the grime of his public appearances, Emperor Hirohito appears to enjoy being the "symbol" of the Japanese people. The responsibilities of the role are not so heavy and he has more leisure to pursue personal interests.

Hirohito is quoted as having remarked not long ago that had he been able to go among his people earlier the war might have been avoided. The inference, of course, was that he had been helpless, because military and bureaucrats stood in his way.

Hirohito's personal quarters in

Tokyo are in a former air raid shelter inside the main palace grounds. It comprises a bedroom, dining room and study. All efforts of the imperial household ministry to persuade him to move into the magnificent Akasaka detached palace in another section of the city have been unfruitful.

"That isn't a fit place for a human being to live," the emperor says, adding complacently that Louis XV returned to live in Versailles.

Besides, he complains, the study decorations and gold-plated at Akasaka dangle his eyes.

However, there is a more practical consideration. Under the emperor's reduced circumstances, he receives only 300,000 yen (\$60,000) the current rate of exchange a month for the maintenance of the imperial family. Furthermore, he has to pay for such items as his children's schooling.

Hirohito's day begins at 6:30 a.m. with a stroll in his kitchen garden. He breakfasts at 7:00 a.m. on two pieces of toast, natural and a cup of milk. He likes butter on his toast but no jam. Eggs are a delicacy reserved for week-ends when the royal family gathers to pass the time playing cards, seeing movies, or singing.

If state affairs permit, Hirohito goes through half-a-dozen Japanese dailies and the English language Nippon Times before noon. In the afternoon he reads the U. S. Army newspaper, Stars and Stripes.

Must Be Disturbed
No newspaper is ever laid before

Hirohito until it has been dispassionately inspected. This passion for discretion also is extended to members of the imperial household. Those who attend the emperor are obliged to change into special disinfectant coat uniforms, and they must be half "disinfecting" bath before reporting for work.

Hirohito's health has never been especially good and he is susceptible to colds. The court physician visits him daily to inquire about his health. At the end of each month, the emperor undergoes a complete physical examination.

Hirohito's official bedtime is 10:30 p.m. Despite his wife's presence, however, he takes off his laboratory to peer into his microscope far into the night.

Also a group of Drummer-Knight in classic style with belted cuff and silver buttons. Black, blue, red, gold and grey in sizes 12 to 18. \$10.00.

HOSIERY
69c pair
Rayon imperfections with small imperfections in no way mar the wearability of the hose. Full fashioned with reinforced heel foot and vent. Beige and gun metal shades. Broken size ranges.

From right, otherwise, the entire row is thrown off schedule.

Complete Laboratory
The emperor has studied biology for more than 30 years. In his laboratory, which impresses foreign scientists with its completeness, he is credited with making no less than 80 biological discoveries. He takes credit for none of them but always distributes the honors among fellow biologists of less prominence.

On his desk, Hirohito keeps two books, one of Darwin, the other of Lincoln. Imperial household officials claim both were there before and during the war, despite the grumbling of the militarists.

Aside from his biological interests, Hirohito devotes his spare time to reading and writing poetry.

His interest in sports also seems genuine. He is a keen tennis player. He gave up riding with the end of the war, probably because

the world knew him as a man on a white horse.

The white horse that Adm. William F. Halsey Jr. boasted he would ride through the streets of Tokyo still resides in the imperial stables and the emperor seems to have carried Hirohito over swimming occasionally. When he does a set is lowered to the bottom—just in case the emperor should disappear.

VERY EXPECTING
Private letters asked for week-end leave from a United States work-and-leave camp on the grounds that the wife was "expecting." He got it.

The following week he made a similar excuse and asked to be charged "anyway?" "What is the excuse?" "She's expecting me home again, sir."

least, so far no provision has been made for any imports from the United States.

This schedule allows for the transportation of 1,000 Canadian cars to the value of \$1,000,000 compared to the value of \$3,000,000 in 1947. Canadian trucks valued at \$750,000 compared with \$2,000,000 in the present year.

For cars from Britain the schedule provides for imports valued at \$1,000,000 in 1948 compared with \$1,000,000 in the present year. Also, \$1,000,000 is also made for British trucks valued at \$1,000,000 compared with \$1,000,000 in 1947.

In the current year licenses have been issued for cars worth \$1,000,000 and trucks worth \$500,000. No provision is made for the value of vehicles from this source in the coming year.

Ceylon is considering a plan to produce condensed coconut milk.

Importers Hope
For Value Boost

AUCKLAND, (CP) — Although the 1948 schedule of New Zealand import licenses provides for drastic reductions in the value of Canadian motor-vehicles which may be imported next year as compared with this year, importers are hopeful the value will be considerably increased.

It is recalled the 1947 licenses had been increased several times during the year. The 1948 schedule is based on 17 many motor traders as an example, licenses only, and which may be revised later according to the supply and demand situation.

Licenses for vehicles from all sources are set for 1948 as compared with the final value of the 1947 licenses. Vehicles from Britain still

For cars from Britain the schedule provides for imports valued at \$1,000,000 in 1948 compared with \$1,000,000 in the present year. Also, \$1,000,000 is also made for British trucks valued at \$1,000,000 compared with \$1,000,000 in 1947.

In the current year licenses have been issued for cars worth \$1,000,000 and trucks worth \$500,000. No provision is made for the value of vehicles from this source in the coming year.

"Am I Clever..."
having 3 times as many undies

AT NO EXTRA COST!"

AMAZING the way Lux care keeps lingerie new-looking 3 times as long. These slips were all Luxed and ironed 30 times—they're still lovely!

"Here's my easy Lux way..."

"I use Lux instead of money and have 3 times as many undies. Lux keeps undies lovely 3 times as long. So, instead of having to replace shabby, faded undies I buy extra ones!"

Wrong washing methods do fade undies, wear out lingerie before its time. Actual washing tests proved Lux care keeps colors true, undies new-looking 3 times as long! Lux your undies after every wearing.

Be a Lux Daily Dipper

Their Garden Covers an Oil Well

Edwin Corrie and family have reason to be happy. Their market garden property in Bertie township, near Port Colborne, Ont., is the scene of an oil strike. Oil was struck by men drilling for natural gas. The well is producing 1,200 gallons a week.

U. S. Troops Save Thousands

3,564 Jap Casualties In Typhoon Disaster

TOKYO, Sept. 18.—(AP)—Floods drove Japanese from five densely-populated districts of Tokyo today and even higher crests were feared in the wake of a typhoon disaster which has caused an estimated 3,564 casualties.

AMERICAN troops in assault boats rescued thousands of refugees from roof tops and dikes on the flooded plain east of Tokyo. Air force planes dropped food to some of those beyond reach of boats.

As the muddy water swirled through the northern and eastern districts of Tokyo, the army reported 392 injured and 1,361 missing. A total of 2,588.

THE MINISTRY estimated 3,564 homes were washed away, 20,000 flooded, 41,000 acres of rice paddies and farmlands destroyed or inundated and 1,100 bridges destroyed.

KYODO NEWS AGENCY said that further north, Mount Akagi in Gunma, prefecture let go with tons of tons of rock, mud and sand that buried most of Taba and two nearby villages, killing 382 Japanese. Huge boulders slid

Chiefly Defends Banking Plan

By LE LIE BRODIE

CANBERRA, Sept. 18.—(CP)—Prime Minister Chifley vigorously defended his government's action in introducing legislation to nationalize private trading banks in Australia when the House of Representatives resumed debate today.

Chifley said he was only the spokesman of the Labor party expressing one of its great creeds and that he resented any suggestion the proposal was one of his own creation.

He claimed there was absolutely no argument against nationalizing banks and certainly there was no reason to submit to the people by referendum.

Moscow Impresses Mayor of Ottawa

LONDON, Sept. 18.—(CP)—Withholding political comment, Mayor Stanley Lewis, of Ottawa, returned to London yesterday from a seven-day stay in Moscow, based on the "unlimited hospitality" extended to him and Alderman Leonard Coulter and Wilbert Hamilton by Russian officials.

The three Canadians, only English-speaking group among the 34 mayoral parties from all parts of the world, were entertained by the Russian government, the occasion being the 90th anniversary of the founding of the City of Moscow.

"We were given every freedom," Lewis said, "and allowed to wander the streets at will. We were greatly impressed by the cleanliness of the Moscow streets—but even a squashed cigarette butt was on the sidewalk."

King-Size Burp Fatal to Myrtle

NEW BRUNSWICK, N. J., Sept. 18.—(AP)—Myrtle the Turtle, believed by her United States Army buddies to be a Civil War veteran, is dead, the victim of a gargantuan burp.

Myrtle was the darling of the recruiting station here. Found eight years ago, she bore on her shell the words, "Vicksburg 1863" and this verse:

"Treat me kindly, treat me well"

"And keep your big foot off my shell!"

An army announcement said she died yesterday on grape-fruit, minestrone, potatoes, delmonico and chocolate milk, then burped once and died.

Miner Is Killed

Bove Charles, 39-year-old mine worker, was fatally injured in a mine accident at Gregg River Collieries near Cadomin on Tuesday according to RCMP. The district coroner Dr. McKenna said an inquest will be held.

Question Undecided

Deny Canada Decides To Devalue Dollar

By Forbes Rhude

OTTAWA, Sept. 18.—(CP)—Reports Wednesday that Canada had decided to devalue her dollar or to pay a premium on gold production were promptly denied, leaving still wide open the question of what she will do in regard to her declining supply of United States dollars.

THE REPORT appeared variously in Toronto, New York and London stock markets circles, sending gold and newspaper shares into sharp gains on Canadian exchanges.

In London, Finance Minister Abbott described them as "absolutely without foundation."

"This is an old rumor which is resurrected every few weeks."

In Ottawa a cabinet minister commented:

"The matter has not been taken before the cabinet. Mr. Abbott is in London now talking over money matters and I do not think there will be any indication of government policy until after his return in October. The cabinet will decide after hearing Mr. Abbott's report and proposals."

IN A STATEMENT before going

Never Fails

KINGSTON, Ont., Sept. 18.—(CP)—It goes only 20 miles an hour but W. V. Colbourne says his 1913 Model T Ford touring car never fails him.

The automobile from nearby Belleville estimates the car, which he drives regularly, has gone at least 100,000 miles but it's still easy on gas and oil.

HOSPITAL BOARD MEETING

Regular meeting of the Edmonton Hospital board will be held in the "Silver" Room, Royal Alexandra Hospital, Sept. 19 at 8 p.m. After the meeting refreshments will be served.

The gnatcatcher is a bird that eats nothing for grubs but lives on insects.

Tanks Menace Trieste Treaty

TRIESTE, Sept. 18. (CP)—Italians and Yugoslavs pointed tanks at each other at one contested point on the new frontier at Gorizia yesterday but a possible clash was averted when it was agreed to refer the matter to a joint Italo-Yugoslav commission.

A spokesman for the United Nations boundary commission declared Yugoslavs had asked for changes in their favor of from 20 to 300 yards at every outpost except one on the boundary between the free territory of Trieste and Yugoslavia guarded by British and American troops.

An American outpost succeeded Tuesday in preventing Yugoslav troops from crossing the portiers border of the free state and marching into Trieste.

Demonstrations added to the tension in Gorizia. About 1,000 Slovenes on the Yugoslav side of the line marched to an outpost shouting "fascists" and "Gorizia is ours." Both Yugoslav and Italian civilians demonstrated Tuesday night at the Gorizia railroad station, which is in Yugoslav territory. The Yugoslavs yelled "fascists" and the Italians countered with "fascists."

Coffee normally accounts for about 70 per cent of Guatemala's exports.

Dry Ice Artists Need Control

'Flying Rainmakers' Worry For Next Session Congress

WASHINGTON, Sept. 18. (AP)—The United States government is worried about people who fly around with dry ice making like rainmakers.

You know the stories. FELLOW FLIES INTO A CLOUD. Drops dry ice. Rain comes. Drought's over. Hurry, hurry. Frolicking in the rain-sweet streets.

So far no one has complained about the various rain-making experiments. Or, anyway, not loud enough to be heard in Washington.

But it's not difficult to imagine a town where some people want rain vociferously, and some people don't want rain vociferously. Any the don't-wanters to be at the mercy of any high flying dry ice man.

COMMANDER RUSSELL MAYNARD, Navy aviator, told a reporter yesterday that the joint research board for the armed services has done considerable debating about it.

"I suppose they'll get a law ready for Congress to study next session," he said. "The trouble is no one knows exactly how it should be written. But obviously this is something that will have to be controlled."

Montreal Marking Railway Centennial

MONTREAL, Sept. 18. (CP)—Out of old Bonaventure Station today a special train will make the eight-mile run to Lachine carrying as 100 years ago, high officials of state, city and transportation. The resemblance to the century-old occasion doesn't end there. Back in 1847 the train making the same run was the first operated on the island of Montreal. Then a wood burning engine, belching smoke and flame from its tall, funnel-like stack and handling a string of eight rickety coaches, snorted and bucked over the rough eight miles in the almost unheard of time of 20 minutes. That was the birth of the Montreal and Lachine Rail Road, now a part of the continent-wide Canadian National Railways.

NEW YORK, Sept. 18. (AP)—Larry MacPhail, president of the New York Yankees, Wednesday denied there was any rift between himself and baseball commissioner A. B. (Happy) Chandler.

"Mr. Chandler never gassed me, and never fired me," said Larry. "I consider him a personal friend, and I think he feels the same way about me. That does not mean that I have always agreed with him."

Catholic Workers Ask Price Control

ST. HYACINTHE, Que., Sept. 18. (CP)—Price arbitration board with powers to rule over all increases in goods and services since the first controls were removed was asked for in a resolution adopted yesterday by the National Catholic Workers Confederation here, in the name of 90,000 workers.

Minister Denies Criticizing Govt.

OTTAWA, Sept. 18. (CP)—Reconstruction Minister Howe yesterday took exception to a Canadian Press report of his address Tuesday to the Liberal Business Men's Club of Toronto, in which he was quoted as criticizing the British Labor government.

In his statement Wednesday he said: "I have read with astonishment the Canadian Press report of remarks of mine made yesterday to a group of business men in Toronto. While I spoke without notes, I must say that a different meaning has been attached to my remarks than was warranted by what I actually said."

"I had no intention of criticizing the British government, but I did intend to say that there were dangers in regard to nationalization as a solution of existing problems."

WARSAW, Sept. 18. (AP)—United States Ambassador Stanton Griffis won the battle of the squatters in the Embassy Wednesday with the aid of the Polish Foreign Ministry and four blaring radios. The squatters, preparing to depart, complained of headaches. A foreign ministry spokesman said one of the four families who had remained in the embassy building for a fortnight already had left, and that the others would be evicted soon. The Ambassador kept his four radios going day and night in his battle to force 18 women, one man, one dog and one cat from quarters in the embassy building. The squatters maintained they had no other place to live.

Author-Sailor Dies in East

TORONTO, Sept. 18. (CP)—Captain Charles C. Dumas, 74, author of "A Million Miles in Sail," died here yesterday. He was born in Windsor, N.S. A deep sea sailor for many years, he commanded two sailing ships—the Arctic Skovon and the Sleimhine—and was later master of Canadian government merchant ships.

Tomato-Tossing Picket Is Fined

TORONTO, Sept. 18. (CP)—A Magistrate's 8. Tupper Magistrate throwing a tomato at a non-striker passing a picket line to go to work constitutes assault. He convicted pretty Jasquell Hughes, 17, and fined her \$15 after testimony that she threw the tomato at three girls going to work at the Philco Company Toronto plant where a strike is in progress.

Heavy Hailstorm Cuts Wide Swath

CALGARY, Sept. 18. (CP)—Last Friday evening's hail storm which cut across central Alberta was one of the two or three most destructive of the season, according to claims reaching the Alberta Hail Insurance Board office in Calgary. The main storm was about 20 miles long and up to 20 miles wide, and a smaller one about 15 miles long and 15 miles wide. Damage did not cover all of these swaths, but a good deal of it. In some places the hail line and in others the bolt rained.

The first storm struck at 6 p.m. Friday starting just east of Red Deer and Innisfail, striking hard at the Husky district and pelting out to Michelin north of Drumheller.

The second started at Headley, west of Weyburn, picked up speed at Poncha, wrashed heaviest damage around Stettler and continued to cut a wide swath past Custer and Vesper, and being last reported at Lethbridge on the Saskatchewan border.

So far about 100 claims of damage have been received by the board from the two storms. This figure is expected to mount considerably. Much of the grain in this area is in the swath or streak and therefore will not suffer as much damage as standing grain. Some uncut fields were halved 100 per cent while cut grain in the best field might get by with 50 per cent loss.

Damage to stock and swathed grain comes mainly from shelling out of the kernels from the heads.

Egyptian Steel Industry Planned

NEW YORK, Sept. 18. (AP)—Plans for an \$80,000,000 steel industry near the Anson Dan, Egypt, designed to supply the entire Middle East were announced here by Leon Setton, Cairo business man.

Creamery Butter Stocks Increased

OTTAWA, Sept. 18. (CP)—Stocks of creamery butter in the nine principal cities of Canada increased to 47,208,771 pounds at Sept. 12 from 46,238,164 pounds at Sept. 5. The Dominion bureau of statistics reported yesterday. Holdings at that date, with totals for the previous week in brackets: Winnipeg, 9,410,644 (9,132,771); Regina, 7,123,333 (6,972,541); Saskatoon, 219,251 (242,251); Edmonton, 2,563,332 (2,638,071); Calgary, 1,790,433 (1,799,561); Vancouver, 4,794,450 (4,844,611).

The maximum duration of an eclipse of the sun is seven minutes, 45 seconds.

THE PACKINGHOUSE STRIKE

In the recent negotiations between Canada Packers and the U.P.W.A. (United Packinghouse Workers of America), the Union was represented by a group of National Officers headed by Mr. Dowling, together with one representative from each Local (about 20 persons in all).

The negotiations broke down Monday, September 8th. On Tuesday, September 9th, the Minister of Labor for Ontario invited representatives of the Company, and of the Union, to meet in his office to discuss possible methods of averting a strike. The Minister explained that his intervention was unofficial and was made solely in the hope of effecting a settlement.

After two conferences—September 10th and 11th—Mr. Fine, Chief Conciliator for the Ontario Department of Labor, suggested that the Company and the Union agree to outside mediation with a voluntary commitment in advance that any agreement reached would apply to all Plants. This voluntary reference would eliminate any possible difficulty regarding Provincial jurisdiction.

The Company accepted the proposal, on condition that all Plants should be kept working.

Mr. Fine urged Mr. Dowling to keep the Plants working, inasmuch as strikes, if called, would be illegal.

Mr. Dowling promised to give his reply on Wednesday, September 17th.

It is for this reason that the following statement has been withheld until today.

Packinghouse workers have been called out in 28 Plants in 8 Provinces.

In all Provinces but two (Prince Edward Island and Saskatchewan) laws exist which lay down procedure which MUST be followed before a strike can be declared.

In six Provinces, British Columbia, Alberta, Manitoba, Ontario, Quebec, New Brunswick—the strikes have been called in defiance of these laws.

Before the Company-Union negotiations broke down Monday, September 8th, the Companies made an urgent appeal to the Union representatives to refer the points at issue to some form of mediation.

This appeal was made on the following grounds:

- That 3,000 Swift employees were already on strike.
- These employees had been without pay for two weeks.
- That strike had been useless inasmuch as it had retarded rather than advanced a settlement.
- That a small group of 20 persons were now taking it upon themselves to call out a further 10,000 men and women.
- That the strike would undoubtedly last 2 or 3, or more weeks during which time those 10,000 men and women would be without pay.

That at some time mediation would have to be resorted to. Therefore, why not try at once to find a basis and keep the men at work.

After discussing this proposal for an hour, Mr. Dowling telephoned that it had been rejected, and that instructions were being sent out to take a strike vote at each Plant.

N.B.—This was Monday, September 8th—six o'clock, 6 P.M.

On Tuesday morning, September 9th, Canada Packers wired Mr. Dowling requesting:

1. That the issues be explained fully to the employees before voting commenced.
 2. That at each Plant the strike vote be taken by secret ballot under Government supervision;
 3. That failing this, the vote at each Plant should be taken under supervision of scrutineers, one appointed by the Union and one by the Company.
- That these scrutineers should:
- (a) Supervise the casting of the ballots;
 - (b) Supervise the counting of the ballots.

This telegram was followed by a tracer, and delivery was verified.

No reply was ever received.

This telegram was sent because the Company was convinced that if the situation were fully explained and the vote fairly taken, a large percentage of its employees would vote to remain at work and mediate the points at issue.

At each Plant the votes were taken by methods which ensured that a strike would be called.

Detailed information has not yet been received as to the methods followed at all Plants, but at Toronto the facts are as follows:

On Wednesday evening, September 10th, a meeting was held. Inflammatory speeches were made. Ballots were passed around without any check:

- (a) As to whether the recipient was entitled to vote;
- (b) As to whether any single person voted once or twice or oftener.

The following day a ballot box was placed in the office of the Local Union and ballots were again passed out without check as to whether the recipient had voted at the meeting on the previous evening.

Finally the ballots were counted by the Union officials without supervision either by the Company or by a Government official.

We also know that at Montreal, Charlottetown and Peterboro (and we believe at some other Plants) no ballots were used, but the question was decided by a standing vote or show of hands.

In short, every principle of a genuine independent vote was violated.

A further statement explaining the issues will be made at an early date.

NOTE: The Alberta Labour Act, 1947, provides that no employer shall go on strike unless and until a vote has been taken under the supervision of the Board of Industrial Relations, and a majority of the employees affected have voted in favor of a strike. U.P.W.A. do not comply with that requirement.

Modern Serviceman Dental Conscious

The modern Canadian serviceman in much more dental conscious than in the days prior to the recent war, Col. E. M. Wasthrough, CDR, MM, dental-general for the Canadian armed forces, said here yesterday.

Col. Wasthrough is on a routine check of army, air force and navy

establishments in the west. He is accompanied here by Lt.-Col. F. H. Dwyer, RCAF, dental officer for Western Canada.

Wednesday the dental officers were visiting Western Army Command and Northwest Air Command in Edmonton and planned to fly north as far as Whitehorse on a tour of army and air force units stationed along the Alaska Highway. They will then proceed with their inspection tour to the west coast.

Weather Further Damages Crops

Further blows by weather, Wednesday night and last Friday have deepened the gloom of an already depressed crop picture, with snow and hail damage being reported over almost up to Thursday, according to officials.

Of the three factors, frost was said by officials of the department of agriculture to be the one least likely to cause serious damage. "Only in the case of standing, growing crops would the frost do any harm," one official said. "Crops in stock or swath, even though damp, is not likely to be hurt, but would ripen standing grains be damaged."

Heavy snows over much of the central and south-western portions of Alberta would further delay the drying of cut grain for threshing, with a consequent danger of loss through sprouting. In case of standing crops heavy snows have a tendency to increase lodging.

In the Lethbridge district the heaviest snowfall of the province since 1931, according to reports. Much of the grain was already cut, and an agriculture department official said. He thought this was fortunate.

Free reports of sufficiently heavy snow to cause lodging have been received from northern and central Alberta areas up to Thursday morning, he said.

Two unseasonable hail storms Friday swept central Alberta districts, producing standing grain to the ground and battering crops in stock and swath.

The Italian district east of Red Deer bore the brunt of the first storm, while the second, said by mail insurance Board officials in Calgary to have been the worst storm of the season, started west of Edmonton, swept south to Ponoka, hammered hardest at Stettler and cut a wide swath past Carleton Place and Vauxhall. It was strong when it left the province at Loversa.

May Offer Rewards Help Recover Cars

Payments of rewards, up to \$100 in major cases, was favored in a plan to encourage the recovery of stolen cars, at the regular meeting of the executive committee of the Alberta Motor Association on Tuesday afternoon.

The plan favored by the directors calls for the recovery of the car and payment of the full value of the car. In other cases, such as locating an abandoned car which probably had been a reward of \$25 would be given.

Details of the plan were referred to the finance committee which also was given the power to act.

Poles Available Farm Work Soon

Some Polish war veterans, working in sugar beet fields in Southern Alberta will become available for general farm work in the province shortly according to officials of the provincial department of agriculture and the national employment service here.

Farmers in Northern Alberta are filling applications for these men, whose contracts expire soon with the sugar beet growers. They will know how many of them will renew their contracts, but one official estimated that out of the 275 now under contract about 175 might become available to farmers in other parts of the province.

The agriculture minister will be assured in Southern Alberta, however, he said.

Arrest Suspect In East Slaying

GRAND RAPIDS, Mich., Sept. 18.—(AP)—The body of Mrs. Forrest Roberts, 21, apparently a stranger's victim, was found in her room yesterday.

Police arrested Dale Macleach, 26, who told of meeting Mrs. Roberts and securing her home.

CNR Treasury Department Changes

P. K. Chalmers, who has held the position of regional treasurer, Canadian National Railways, Western Region, has been appointed assistant treasurer, Montreal.

Chalmers has been with the company since 1911. He is succeeded at Winnipeg by Denis Neely, formerly treasurer and paymaster of the Northern Alberta Railway.

Minister Gardiner said last night on his arrival at Dorval airport from the British Isles.

Mr. Gardiner, who spent the night in Montreal before proceeding to Ottawa today, returned from a tour of Europe during which he headed Canada's delegation to the United Nations food and agricultural organization at Geneva.

THE MINISTER, who spent last week-end at Balmoral castle with his Majesty the King after he was made a privy councillor, also had "very satisfactory" talks with the British government on future food agreements between the two countries.

Mr. Gardiner added that another factor threatening the meat commitments to Britain this year are the poor crops in Canada. This has reduced considerably the amount of wheat which Canada will send to other European countries.

As for the meatpackers strike, the minister said that he was kept informed of all the developments and that he would take a hand in the matter when he reaches Ottawa today.

Discussing the general European food picture, Mr. Gardiner said he was most of the time in the United States. "Statistically, the picture is very bad, but the people use a great deal of meat."

The minister visited Great Britain, France, Switzerland, Belgium, Holland and Northern Italy. All these countries are anxious to buy food from Canada.

THE DOMINION cannot supply them with meat because all its exports are taken by the commitments to Britain. Some months ago there were hopes that large quantities of wheat would be available for Europe.

Export crop will be about 200,000,000 bushels. A little more than 100,000,000 of these will go to Britain, leaving only about 40,000,000 bushels for other countries. The present contract with Britain runs to July 31, 1948.

Mr. Gardiner said he had satisfactory talks with the British authorities regarding a wheat agreement for 1948-49. He "inclined to say how many bushels and what prices were involved in the new agreement."

"These figures will be spread all over the country. Among them are 1,500,000 alcohol plant, which will be established in Natal and will, it is reported, have some connection with the United Nations' plans to manufacture oil and gasoline from coal."

A big iron and steel factory will also be established to exploit South Africa's iron ore.

Other factories, whose value also runs into millions, are a textile plant, one to produce building stones, pottery and ceramics generally and one to produce electric goods of all kinds.

To Give Up "Eye"

PHILADELPHIA, Sept. 18.—(AP)—A blinded war veteran, Patrick DeFillippo, 25, said yesterday he is willing to give up his seeing eye "leg" (Lafayette) to "some other handicapped fellow who needs her."

He hasn't feeling well, has been told to rest and now thinks the dog talents are wanted when he can't use her.

RCASC Parade

A parade of 33 Corps Troops Company, RCASC, will be held at the Prime of Wales Armistice Friday at 5 p.m.

Annual Air Show

LONDON.—(CP)—Britain's aircraft company annual collective demonstration organized by the Society of British Aircraft Constructors, will take place at the Handley Page airfield at Radlett, near London, from Sept. 9 to 15.

Mechanic Sucked Into Jet Engine

MUROCK, Calif., Sept. 18.—(AP)—Maurice G. Bricks, 27, an airplane mechanic, was drawn head first into the air intake of a G-8 jet plane at the army air field here Tuesday and killed. Officials at the field said Bricks was standing four feet from the plane when he was sucked into the intake during an experimental run.

Crushed to Death

CHICAGO, Sept. 18.—(AP)—A Joseph Zeno, a trucking contractor, backed his truck into the driveway of his home yesterday and killed himself.

Help Your Piles

prolonging life, and adding comfort to the sufferer. It is a simple, safe, and effective remedy for hemorrhoids. It is a simple, safe, and effective remedy for hemorrhoids. It is a simple, safe, and effective remedy for hemorrhoids.

Nova Scotia Aids Drama Progress

By JOE KING

HALIFAX, Sept. 18.—(CP)—Nova Scotia is going all-out in its encouragement of development of dramatic talent through the newly formed dramatic library and advisory service division of the department of education.

Director of dramatics for the department is 41-year-old Donald Westmore of Truro, N.S., a veteran of the stage, whose job is to assist in the spread of dramatics and the development of talent. During the summer, Westmore conducted classes in dramatics at Dalhousie University and during the winter he is engaged in a full program of theatrical activity backed by a large library in Halifax under the direction of Mrs. M. C. Vernon, librarian of the Halifax central library.

The library has more than 3,000 plays short from a separate division for children and scores of books on every phase of the theatre. From material at the library, those behind the footlights to working knowledge, are the more behind the sets. The library is continually being expanded and keeps tabs on the latest releases from the New York and London stages.

The dramatics director and librarian work hand-in-hand with theatrical groups throughout the province and aid in the formation of new groups. Plans for reading and production are issued free-of-charge to amateur groups and Mr. Westmore frequently tours the province aiding in the development of local theatrical societies.

The encouragement given the theatre in Nova Scotia has received such a wide response that J. L. Robertson, secretary of the provincial committee of the Dominion Drama Festival, recently said that "never before in my experience has there been such a widespread interest in drama in the province."

Foreign Capital Flows Into S.A.

By FRANK SMITH

JOHANNESBURG, Sept. 18.—(CP)—More and more foreign capital is flowing into the Union and a large-scale shifting of factories from Europe to South Africa now is in progress. Even the Italians—once enemies of the Union—are transferring whole factories valued at 100,000,000 (\$180,000,000) will be transferred from Italy to South Africa.

Italian, French and Swiss bankers are financing the venture, according to one of these factories is already on its way to the Union. According to the Northern Transvaal Chamber of Commerce, United States and British firms have more than 150,000,000 ready for investment in the Union.

According to that organization, amount of capital in the United States alone, ready for investment in South Africa, would be about \$100,000,000. Three firms of \$5,000,000 each for investment here in Great Britain, there is probably more than \$25,000,000. Of about 40 British factories, the chamber's statistics indicated more than half were going into the question of whether it would pay them to establish factories in the Union.

The group said it had advised United States industrialists to make personal investigations of the Union before deciding to branch out in South Africa. It said there was no misunderstanding of the market. American industrialists were inclined to assess the consumer potential at the total population of the Union, and consequently to expect it to be about one-quarter of Great Britain's, not realizing that the spending power of the vast majority of the population of Europe and non-European—was very low.

It is understood that the Italians, who are transferring factories to the Union, look, stock and barrel, are doing this because of the uncertain economic conditions now prevailing in Europe.

The factories will be spread all over the country. Among them are 1,500,000 alcohol plant, which will be established in Natal and will, it is reported, have some connection with the United Nations' plans to manufacture oil and gasoline from coal.

A big iron and steel factory will also be established to exploit South Africa's iron ore.

Other factories, whose value also runs into millions, are a textile plant, one to produce building stones, pottery and ceramics generally and one to produce electric goods of all kinds.

Whole Family Quits Britain for Canada

LIVERPOOL, Sept. 18.—(CP)—Mr. and Mrs. John Buttery of Dundee and their two sons, son-in-law, and two grandchildren, sailed aboard the liner Empress of Canada last night. Their destination is Vancouver. The grandpa plans to start a fruit farm which will be the headquarters for the family ranging in age from 80 to eight months.

Cut Prices

MOSCOW, Sept. 18.—(AP)—The price of rationed potatoes was cut 30 per cent in Moscow today. This reduction followed a two price slash in the past three weeks for unrationed potatoes, higher-priced than those brought in rationed stores. Potatoes, now cost less than at any other time since 1941 and are plentiful. (The dispatch did not give the new or old price for rationed potatoes.)

HAWES
GOOD HOUSEKEEPING COMPANIONS

Preferred in Fine Homes for Many Years

HAWES FLOOR WAX for your Hardwood Floors
HAWES FLOOR GLOSS for Linoleum and Mosaic Tile
HAWES LEMON OIL for your Fine Furniture

Good Companions and Helpful Companions

Canadian women know the quality of HAWES' products. They Mother used HAWES' and they know how easy it was to use a "good companion" in their homes. They know that HAWES' is the "fast that money can buy."

HAPPY DISCOVERY FOR 'SAD' STOMACH

There is relief for

- UPSET STOMACH
- NERVOUS INDIGESTION
- AFTER-EATING DISTRESSES

Thousands of people are regularly making the happy Pepto-Bismal discovery for upset stomach from over-eating and other common causes.

HOW YOU SHOULD TREAT AN UPSET STOMACH

Your stomach is a small organ, and its function is to digest food. If it is upset, it cannot do its job. Pepto-Bismal is a powerful stomachic, and it will help you to get your stomach back to normal.

WHAT CAUSES UPSET STOMACH?

Common causes of upset stomach are: indigestion, over-eating, eating too fast, eating too late, eating too much, eating too little, eating too hot, eating too cold, eating too dry, eating too wet, eating too sweet, eating too salty, eating too sour, eating too bitter, eating too bland, eating too spicy, eating too plain, eating too rich, eating too poor, eating too good, eating too bad, eating too well, eating too badly, eating too much, eating too little, eating too fast, eating too slow, eating too hot, eating too cold, eating too dry, eating too wet, eating too sweet, eating too salty, eating too sour, eating too bitter, eating too bland, eating too spicy, eating too plain, eating too rich, eating too poor, eating too good, eating too bad, eating too well, eating too badly, eating too much, eating too little, eating too fast, eating too slow, eating too hot, eating too cold, eating too dry, eating too wet, eating too sweet, eating too salty, eating too sour, eating too bitter, eating too bland, eating too spicy, eating too plain, eating too rich, eating too poor, eating too good, eating too bad, eating too well, eating too badly, eating too much, eating too little, eating too fast, eating too slow, eating too hot, eating too cold, eating too dry, eating too wet, eating too sweet, eating too salty, eating too sour, eating too bitter, eating too bland, eating too spicy, eating too plain, eating too rich, eating too poor, eating too good, eating too bad, eating too well, eating too badly, eating too much, eating too little, eating too fast, eating too slow, eating too hot, eating too cold, eating too dry, eating too wet, eating too sweet, eating too salty, eating too sour, eating too bitter, eating too bland, eating too spicy, eating too plain, eating too rich, eating too poor, eating too good, eating too bad, eating too well, eating too badly, eating too much, eating too little, eating too fast, eating too slow, eating too hot, eating too cold, eating too dry, eating too wet, eating too sweet, eating too salty, eating too sour, eating too bitter, eating too bland, eating too spicy, eating too plain, eating too rich, eating too poor, eating too good, eating too bad, eating too well, eating too badly, eating too much, eating too little, eating too fast, eating too slow, eating too hot, eating too cold, eating too dry, eating too wet, eating too sweet, eating too salty, eating too sour, eating too bitter, eating too bland, eating too spicy, eating too plain, eating too rich, eating too poor, eating too good, eating too bad, eating too well, eating too badly, eating too much, eating too little, eating too fast, eating too slow, eating too hot, eating too cold, eating too dry, eating too wet, eating too sweet, eating too salty, eating too sour, eating too bitter, eating too bland, eating too spicy, eating too plain, eating too rich, eating too poor, eating too good, eating too bad, eating too well, eating too badly, eating too much, eating too little, eating too fast, eating too slow, eating too hot, eating too cold, eating too dry, eating too wet, eating too sweet, eating too salty, eating too sour, eating too bitter, eating too bland, eating too spicy, eating too plain, eating too rich, eating too poor, eating too good, eating too bad, eating too well, eating too badly, eating too much, eating too little, eating too fast, eating too slow, eating too hot, eating too cold, eating too dry, eating too wet, eating too sweet, eating too salty, eating too sour, eating too bitter, eating too bland, eating too spicy, eating too plain, eating too rich, eating too poor, eating too good, eating too bad, eating too well, eating too badly, eating too much, eating too little, eating too fast, eating too slow, eating too hot, Paul Gallico

Says:
Rooms, Tool Shed Reported Entered

Three persons, two men and one woman, were reported to have entered the tool shed of the Paul Gallico home, 1111 17th Avenue S.W., on Wednesday night. The shed was found empty when the owner, Mr. Gallico, returned home at 11 p.m. on Thursday morning.

GALICO
Mr. Gallico, who is a well-known author, was reported to have been in the tool shed at the time of the break-in. He is said to have been working on a book when he discovered the door open.

Silent Wishing
It is curious that the president of the United States is the one job for which one may not wish to be elected.

Property Owners Attract Attention
Work of the Edmonton Property Owners' Association has attracted the attention of the business men of the city.

Can't Hide Glean
It is strange how a whiff of scandal can maintain the attention of the public.

Seek Prolong Life

Soviet Doctors Study Problem of Old Age

By Don Dallas

MOSCOW, Sept. 18.—(Reuters)—Russian doctors hope that experiments now being carried out will enable them to prolong the span of human life to upwards of 120 years and, under perfect conditions, even up to 175.

ONE OF THE biggest steps forward in the fight against old age has been made by Dr. M. Skolnik, who, working at the laboratory of general biology of the First Moscow Medical Institute last year, succeeded in isolating the "pigment of old age."

This pigment, a substance completely absent in the organisms of young children, he says, reduces the efficiency of nerve cells and either destroys them completely.

CHILDREN LIKE THEIR VITAMINS THIS WAY

SCIENCE has proved there are certain food elements everyone needs for health. If there aren't enough of them in a child's food, serious things can happen—such as stunted growth, soft bones, poor teeth, faulty nerves, loss of appetite, defective growth.

Outline supplements the diet with elements frequently deficient in ordinary foods. Three servings of Outline furnish a significant portion of a child's daily requirement of Vitamins A, B, C, D, Riboflavin (B2), and Nicotinamide (B3), Phosphorus and Iron.

In addition it provides the basic food substances—complex proteins to build muscles, nerves and body tissues—high-energy foods for vitality and endurance. It also acts as an insurance against food deficiencies that retard normal growth.

So if your child ate poorly, is thin, underweight, perhaps nervous, why not try delicious Outline for vitality, normal growth and better appetite.

Blow "Like an Orchestra"

Florida's Big Wind Even Rocked Train

By Hal Boyle

PORT PIERCE, Fla., Sept. 18.—(AP)—Lower Florida wasn't gone with the wind yesterday, but it got a good blowing over.

PASSENGERS aboard trains on air-conditioned cars in the state capital, Tallahassee, felt the wind mainly from West Palm Beach to Miami. The wind felt the winds, too.

PASSENGERS aboard the train went through the fringe of the hurricane, but in some it seemed as if they went through the very heart of it—and perhaps they did for treatment received winds of up to 100 miles an hour.

Some passengers began to get a little seasick as the coaches swayed up and down the scale.

All along the route, stations were crowded with refugees—hundreds of men and women. Most of the families brought food.

An overall crier farmer said "People down here don't get excited now. They prepare for these hurricanes. The houses are anchored down."

A friend standing nearby said "This wind isn't blowing enough to cool a hot cup of coffee. You

A Statement About HOUSEHOLD HEATING OILS

The demand for petroleum products throughout the world is today greater than at any time in history. In Canada, for instance, consumption of heating oils has doubled since 1945, the year of peak war requirements.

To help meet this unprecedented Canadian demand Imperial Oil has provided an unprecedented supply. However, the demand for heating oils used in range burners, space heaters, water heaters and household furnaces continues to increase at a rapid rate, while our most strenuous efforts to expand refining and storage capacity and other facilities are being hampered by lack of construction materials.

This means that the margin between the supply of and the demand for heating oil is very narrow and may approach a critical point this winter if people continue to purchase oil-burning units without first assuring themselves of an adequate supply. As a protection to the public we must advise that:

Before purchase of a range burner, space heater or any household oil-burning equipment, make certain you are assured of a continuing supply of fuel. Early this year, in order to protect our existing customers we notified our entire sales organization, including dealers and agents, that we could not take on any new heating oil customers.

Imperial Oil's replacement and construction program, delayed when material and labor were needed for war production, is being pressed as rapidly as possible. When completed it will restore our traditional margin of supply over demand so that all requirements will be met. In the meantime every effort is being made to increase available supplies.

Any commitments we have made to supply household heating oils have been carefully considered and we can assure our customers that, barring unforeseen circumstances, these commitments will all be met.

Edith Barbara Nicholson Weds At Highlands United Church

Highlands United Church was the scene of the recent wedding of Miss Edith Barbara Nicholson, daughter of Mr. and Mrs. L. B. Nicholson, of Vancouver, who became the bride of James Peter Cameron, son of Mr. and Mrs. J. P. Cameron, of Miramichi. The Rev. T. H. Davies performed the ceremony.

Given in marriage by her father the bride wore a new blue suit with white accessories and a veil of roses and feathers.

Miss Margaret McNeil was bridesmaid.

Roy Martin was best man and only.

100th Birthday For Mrs. Glen

VANCOUVER, Sept. 18.—(CP)—One of Canada's grand old women, Mrs. Mary Glen, will celebrate her hundred birthday here Monday surrounded by relatives from as far distant as Glasgow, Scotland.

Mother of numerous ministers, Mrs. Glen, the frail, white-haired widow for 50 years attributes her longevity to "plenty of porridge" in her younger years and a touch of Scotch diet now.

Mrs. Glen was born in Banton, Dumfriesshire, Scotland, just a haggis wall from the shores of Loch Lomond, on Sept. 18, 1847.

Not as active as she was on her last birthday, she can still make about the house and assist with the Christmas Herald, which she has been reading since it began publication in London 30 years ago. She was a close friend of the late Senator G. G. McGee.

Although her 100th milestone was never lived down from Monday, the celebration will be held Wednesday to permit distant relatives to be present.

A huge cake, replete with 100 candles, will be presented to Mrs. Glen next Wednesday. And guests are being asked to turn for a slice will be the thousands.

Cutting Wedding Cake

LAC William Douglas Scott, RCMP, and Mrs. Scott, pictured cutting the wedding cake at the reception after their recent wedding. The bride is the former Miss Lucy Irene MacDonald daughter of Mr. and Mrs. Howard MacDonald, of Artisan, and the bridegroom is the son of Mr. and Mrs. George L. Scott.

300 Attend Open House

Three hundred persons were guests of the Young Women's Christian Association at an open house, held Monday. After being welcomed by members of the board and staff, the visitors went to the gymnasium where a basketball game was in progress. After that the class in advanced tap dancing performed a skipping-rope tap, and a group from the senior "Kleenex" class demonstrated precision gymnastics. There were also a number of dances to a Latin American rhythm.

After Mrs. A. L. Macraeth intro-

duced the staff members, the spectators divided into two groups, one going to the examining pool to see an informal program under the direction of Mrs. Robert Kading, and the other going to the club room to see Miss Kay Slick.

From there the guests returned to the gymnasium to participate in a singing and informal dance.

During the evening registration for classes for the new term took place. Refreshments were served at the conclusion of the program by the Junior Leaders' Corps.

Watchmakers who cared for the Locomotive, turned clock in the 10th century, received a residence home on the city square.

Rosalie Tatham Autumn Bride

Robertson United Church was the scene of the wedding recently of Miss Rosalie Tatham, daughter of Mr. and Mrs. James Tatham, of Victoria, B. C., and James Bernard Tatham, son of Mr. and Mrs. Claude Tatham, of Seattle, Wash. The Rev. Angus Macdonald performed the ceremony.

The bride wore a beige gabardine suit with a matching chiffon veil and a bouquet of roses. Her coverage was of curls.

Mrs. Thomas M. Collins was the bride's only attendant.

Curtis C. Tatham, brother of the bridegroom, was best man, and Robert Tatham and Hubert Irving were ushers.

Leaving for a honeymoon trip at Calgary and Banff, the bride topped her wedding costume with a brown gabardine suit.

Mr. and Mrs. Tatham will make their home in New River.

Out-of-town guests at the wedding were Mr. and Mrs. Charles Spencer, of Shuswap, B.C., and Mr. and Mrs. R. Tatham, of Cam-

bridge.

By William E. McMoray.

At every tournament one hears about a possible bid that stopped someone from reaching a game or a slam, or a player will be sobbing on someone's shoulder because of a "fixing" on a board. A "fixing" is a lucky opening that beats a sound contract or the bidding of an ambitious player.

It was because of a good break and a couple of correct inferences. When Pappas, a New York card player, came to me at the recent national championship tournament with today's

DOROTHY DIX says:

Strangers Give All Girls Same Line

A pretty and attractive young woman wants to know, when a strange man meets a girl for the first time, his line is to make a little love to her that stuns her out of a proposal of marriage. She wonders if the self-stalking Romeo thinks she is one of the

feel-to-mined females who believes everything a man says to her. If he is so short on conversation, a small talk that he is forced to hand her out the old malarkey that is probably what Adam said to Eve when they first met.

Well, the way of a man with a maid is one of the riddlest nobody has ever guessed, and among his faked beliefs is that no girl ever goes enough flatter, and that the way to make a girl with one is to talk to her with a shovel. Also that any girl will fall for any kind of love-making. How men get that way, nobody knows. Certainly not from their own experience, for most of them have intelligent mothers and hardheaded sisters, and they work every day with girls who are nobody's fools.

At home and in the office no man would dream of telling the women of his family, or the girl at the desk next to him, a lot of

payable lies and expect to get away with it; but when he takes a little out in the evening he lets go all hold on veracity and thinks she will swallow any sort of falsehood, provided he sugar-coats it.

And what gives him this humorous belief is that he honestly believes that the girl is just eating up his smooth love-making, and that when he tells her she is more glamorous than any movie star and wants to know why she isn't in Hollywood, he expects her to go like a ripe apple without before the stickle, even though he must know that every girl carries a pocket mirror and has a good idea of how she looks.

And having done the spade work, so to speak, in trying to make the girl believe that she looks like a blue American blimp, he passes on to his second movement in facination, which is the love-stroke, right stuff. He tells Angelina that the moment he saw her he knew that she was the only woman in the world for him. His heart did flip-flops in his bosom and the aspirin chair began singing and he knew that life would never be the same to him again. And he expects Angelina to actually believe in this sudden attack of heart trouble.

Whether young women learn the art of courtship in a school of correspondence, I don't know, but there seems to be a regular formula for the thing. When one of these amateur shills meets a girl, he demands to know where she has never met before. If he takes her out to dinner, by the time they have had the soup, he is telling her, with a glad light in his eyes, that he has searched the world just looking for HER and that he had despaired of finding her until they met, thank God, before it was too late.

By the time they have reached the main course he is describing a vine-covered cottage built for two, and the dinner finish him taking down her telephone number and calling her pet names. And a pleasant evening has been had by all.

And as if the girl has a sense of humor for in all likelihood she will never see her wad again. He has given off of chase another house wad and tell her the same pet name which she still believes that she will believe.

But if Angelina has a poorly developed lamp-bone, she isn't amused. She is bored, and she wonders why a boy who is a "chance acquaintance," can talk about something interesting like the weather, instead of making false love to her.

Send your order to The Edmonton Bulletin, Pattern Department, 10 Front Street, W., Toronto 1-A, Ont. Please allow a week or ten days for delivery.

Your Baby and Mine

By Muriel Meyer Eldred
With the best of methods it is not to be expected that a child will have adult table manners until he is old enough to see some reason for them. Meanwhile, he will not spill food on the table (except accidentally)—will all up with the table and eat and will use table utensils instead of fingers. 'Till then, where he has learned how to do all of these things.

Until then, it is better for all concerned that he be seated in his own room, the kitchen or breakfast room and eat his meals alone. He can graduate to the table at 2 to 4 years of age, when he has become adapted enough to be fairly neat in his eating habits.

Mrs. G. H. says her 3-year-old is out of hand. After she finishes what she wants she throws the rest on the floor. Then she gets down and runs around the table grabbing what she sees. "She is healthy, intelligent but has a terrible temper. I have a 3-year-old and it is so hard with two so close together. If I call them they keep going until I take drastic measures to get them home. Is this just a phase or is the youngest trying to get attention?"

Probably both. Fed the youngest separately from the rest of you and watch her so that you can remove the plate before she throws it. I know so many young children who do this that I would call it a phase.

You should have some place where you can put a child of this age where she will be safe. Usually, that is a bedroom devoted to the children, with a flexible gate on the door, so it can be left open but the child cannot get out. Put her there with her toys while you eat your meal.

Most children of this age need a chance to get down from the table and run around. This exercise can come from the main portion of the meal and the dessert. That is, if a tea towel tied around their middle, or one of those straps used in

FRANKSTER BLACKOUT
"MOORE JAW, Sask.—(CP)—A rifle-shooting prankster, recently left 13 nearby villages without power overnight when he hit a glass insulator on a rural power line.

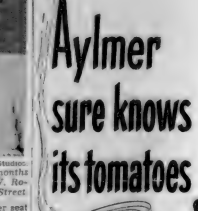

Photo by House Studios
Philip Llewellyn, 10 months old, son of Mr. and Mrs. W. Herbert H. Nash, 7099 105th Street

Try the use of a bell or whistle to call the children. They will be proud to answer the signal. If they don't need it go out and bring them in. Since the loss of their liberty in punishment, why add more? Putting a child in her room to play alone is ordinarily enough punishment for a child of this age. Save more drastic punishments for behavior which merits it. Won't you watch for the article tomorrow which has a discussion of children who are close together in age?

Our Infant No. 71, "Early Discipline," may be had by sending a stamped, self-addressed envelope with your request to Muriel Meyer Eldred in care of The Edmonton Bulletin.

DISTRICT NEWS IN BRIEF

Badges are Presented To Castor Swimmers

CASTOR, Sept. 18.—Officially winding up the 1947 loan to swim campaign at Castor, 16 youngsters ranging in age from eight to 15 years were presented with badges at a recent gathering here.

Despite a late start and a later interruption due to police in the district, the campaign, sponsored by the Castor Lake Lodge, was a big success.

The classes were held under the direction of Walter Sharplin, who is looking forward to next year when the youngsters will receive further instructions. Mr. Sharplin has high hopes for a few of the swimmers to become "better than average swimmers when they receive further instructions."

Name Delegates
VERMILION, Sept. 18.—Delegates of the Vermilion Municipal School board to the Alberta municipal hospital convention held in Edmonton in October were named at the regular monthly meeting of the board recently. Representatives will be C. E. Thompson, chairman of the board and H. H. Parker.

Miss Margaret Taskin was appointed resident secretary of the board. She will assume her duties Jan. 1.

Repair School
STETTLE, Sept. 18.—Considerable work was done on the school building during the summer months. The floors were all re-varnished and all wiring for the entire lighting system of the school was replaced. A small store, previously used by the town, was installed as a fire alarm.

Ed Gibson, a former member of the RCAF, has been appointed to take charge of the Canadian Army Cadets, Stettler Corps. The group reorganized this week with a fairly large number of boys enrolled.

Building Hotel
STETTLE, Sept. 18.—Good progress is being made on the new \$200,000 hotel which is being erected here. Most of the cement has been poured for the basement and three floors of the building which will be constructed entirely of cement and brick. It is expected that work will be continued during the winter months with steam heating.

Work has also been commenced on the new Roman Catholic church which will be built of cement and brick.

Storm Causes Damage
STETTLE, Sept. 18.—A severe hailstorm struck this town and district last weekend, causing damage to crops north and west of the town up to 100 per cent. Gardens in the town were battered and hundreds of panes of window glass were broken. More than 100 windows were broken on the west side of the school building.

Crops Damaged
PONOKA, Sept. 18.—An electrical storm, accompanied by hail, damaged crops in the Ponoka area to a great extent recently. Losses were reported two miles north of town, eight miles west and five miles south-west. Power lines were disrupted and the town was in darkness for the early hours of the evening.

Honor Member
GRIMSHAW, Sept. 18.—At a recent meeting of the Dominion Chamber of Commerce, J. F. Campbell, Keweenaw, B.C., was given a life membership in recognition of past services. G. H. Sanderson and L. Tondal were appointed to conduct the district for funds in connection with the W. D. Allbright memorial fund.

Merchant Dies
SYLVAN LAKE, Sept. 18.—W. L. McKinnon, well known merchant of Leslieville died Wednesday morning at the home of his brother-in-law, Mr. J. Jamieson here. His death followed a long illness. Funeral arrangements have not yet been completed.

Discuss Crossing
McLENNAN, Sept. 18.—At the request of the town council, E. Carruthers of the Board of Railway Commissioners, was in McLeannan recently to discuss the possibility of a crossing over the NAR property between the north and south portions of the town.

Mr. Carruthers was accompanied by G. Leffer, townsite agent, and W. Lawton, resident engineer. In addition to members of the town council, the party talked with several members of the board of trade. The decision will be forwarded to the Board of Transport Commissioners at a later date.

Leaves for East
GRIMSHAW, Sept. 18.—Harold Blackley left recently for eastern Canada where he will continue studies in the faculty of engineering at the University of Toronto.

B. Tackaberry and A. Schneider are constructing new houses on their property situated in the new subdivision at the east end of the village.

A new annex is being constructed at the Midland and Pacific grain elevator.

Wild geese are plentiful in the district this year, but ducks are not as numerous as in past seasons.

Open Post Office
GRIMSHAW, Sept. 18.—A new post office at Manning town, situated 60 miles north on the Grimsbow-Great Slave Lake highway was officially opened recently with Albert E. Money as postmaster.

Mrs. G. Woronuk and family have arrived from Dawson Creek to join Mr. Woronuk, new garage proprietor here.

Building Sidewalks
NEW NORWAY, Sept. 18.—Concrete sidewalks are being put in on the streets running north from main street. A great improvement of the town is in progress. Continued rain here has delayed paving and has caused some crops to be in a bad condition, and a break in the weather is necessary if crops are to be harvested.

Leonard Anderson left last week for Lethbridge, Alberta, where he will attend university to study dentistry.

I Saw Today

Hardisty Elks Elect Officers

HARDISTY, Sept. 18.—Annual election of officers of Hardisty Elks No. 1020 took place at a recent meeting in the IOOF hall here, attended by members of the various committees revealed that the lodge had an active year in community efforts.

Support from the treasurer indicated that the lodge was on hand for the financial position. P. A. Miquelon of Edmonton, dominion grand organizer of the lodge, was on hand to discuss the meeting.

Following are the officers elected: Exalted ruler, H. R. Moody; R. A. Keegan; leading knight, J. G. Sooke; local committee, A. A. Matthews; lecturing knight, Lester Metz; secretary, A. J. Terry; treasurer, J. Morrison; equerry, J. S. Brandon; chaplain, R. Guenard; inner guard, Oscar Lamont; Tyler, P. C. Matton; trustees, J. C. Dwyer, G. C. Cherman and J. Johnson.

Medical Groups Plan Ceremony
ELK POINT, Sept. 18.—Members of the Elk Point District Ambulance Division No. 214 and the Elk Point District Nursing Division No. 238, St. Catharines Association, are planning a mass enrollment ceremony on Sept. 22, when provincial secretary, E. C. Kinnear, will arrive in the town.

These are the first two ambulance nursing divisions to be registered in Alberta outside of the larger city centres.

The officers of the two divisions are as follows: nursing division, Lady Cadet Superintendent, Mrs. B. C. Sampson; lance sergeant, Muriel Hain; lance corporal, Joan Sampson and Jean Maruyak; ambulance division, J. V. Jacobson, sergeant; Vern Raham; lance corporal, Nick Wysocki; lance corporal, E. C. Kinnear; treasurer, Eugene Demchick.

The executive of the Centre consists of: Dr. A. Wierneck, Dr. T. Raham, L. Sampson, Al Hain, Mrs. L. Edwards, Mrs. Frank Kettles and Mrs. Nell Pether. Dr. F. G. Miller is medical officer and J. V. Jacobson is officer in charge.

Elect Students
ELK POINT, Sept. 18.—At a meeting of the Students' Union of the Elk Point school, eight were elected to the following positions: president, Marion Johnson; secretary, Grace Miller; treasurer, Sydney Kates; editor, Eugene Demchick; editorial committee, Margaret Holm; Virginia Armstrong; Doreen Lindquist and Victor Clark; social committee, Gertrude Kees, Doreen Lindquist and Andrew Borstad; sports committee, Arthur Vaughan, Joan Sampson and Leslie Young; Junior Red Cross, Vern Hain.

Marion Johnson, Sydney Kates and Eugene Demchick, the students expect to soon start the publication of their magazine, the Wapiti.

Honor Minister
VERMILION, Sept. 18.—Members of St. Severinus Church met in the Parish Hall recently to honor Dr. Levesque, minister of the church. Introductory addresses were made by S. R. P. Cooper and T. Watts reviewing the history of St. Severinus and the 12 years' work of Dr. Levesque.

Major J. W. G. Morrison made the presentation and congratulated him on his life of service to the law, the church and to himself personally.

Miss Grace Perry presented Mrs. Levesque with a bouquet of flowers on behalf of the W.A. of which Mrs. Levesque had been president. Mrs. L. Pether presented Mrs. Levesque with a brooch in appreciation of her work in training the church choir.

Discuss Crossing
McLENNAN, Sept. 18.—At the request of the town council, E. Carruthers of the Board of Railway Commissioners, was in McLeannan recently to discuss the possibility of a crossing over the NAR property between the north and south portions of the town.

Mr. Carruthers was accompanied by G. Leffer, townsite agent, and W. Lawton, resident engineer. In addition to members of the town council, the party talked with several members of the board of trade. The decision will be forwarded to the Board of Transport Commissioners at a later date.

Wed at Calgary

Leduc Truck Driver Dies in Accident

WEDNESDAY, Sept. 18.—The marriage of Miss Dorothy Johnson, daughter of Mr. and Mrs. Gust Johnson, of Calgary, to Mr. C. G. Guillepie, took place at Calgary recently. The ceremony was attended by the bride's parents and family and by Miss Nellie Lindgren from Vermilion.

The Rev. Edward Albert, superintendent of the Alberta district of the Church of Nazarene, was the speaker at the local church, last Sunday. The singing was led by Mrs. Lawlor.

Talkie - moving pictures were shown at the Lutheran Church by the Rev. J. Chingler of Wetaskiwin.

tried to flag the truck to a stop but the truck driver apparently did not get the signal.

The passenger train engine hit the truck and threw it into the engine of the standing train. The gravel bed was carried in front of the moving engine to the station platform. The driver of the truck was thrown out of the truck and the rest of the wre-age was rolled along until it jammed under the last coach of the passenger train.

Nearly 20 minutes was needed to get the wreckage from under the train. The gasoline tank was torn over and over, but did not explode. The RCMP from Wetaskiwin were called to the scene of the accident and Dr. W. J. Simpson

Work on Highway
WETASKIWIN, Sept. 18.—A party of surveyors arrived in Wetaskiwin to work on Highway No. 12, east of town. H. S. Day, is in charge of the party.

Cecil Rice-Jones of Winnipeg has been in the district for several days visiting former acquaintances and looking after his farm interests.

Mr. and Mrs. O. K. Atwood of Astoria, Oregon, are visiting at the C. M. Butterfield home. Mrs. Atwood is a sister of Mr. Butterfield and this is the first time they have met for 30 years.

of Milliet was also there. Charles Schiller was Milliet, brother-in-law of the victim was at the accident.
